

Update from the Elders & Reopening Committee

As we continue to hear of increases in coronavirus cases throughout the state, the Elders and Reopening Committee want you to be aware of the following protocol. Should Summit County be moved to level 4 (purple), Sunday services will go to an online format, with only the worship team and pastors being on site for the 10:30 a.m. livestream. Everyone else should plan to participate in the worship service from home. All other ministries that happen in the church building will be paused as well, until such time as the status of the county has been changed to a lower level. (The state usually announces changes in status on Thursdays.) Since this means the status may change from week to week, we will keep the church website, stowalliance.org, updated with additional information as is necessary.

Thank you for you continued support, patience and prayers during this time.
